## YANKS GAIN WORLD'S RECORD IN AIR FIGHTING

### ST. QUENTIN IS TAKEN FROM FOE

French and British Armies Capture City After Desperate Fighting.

### BATTLE STILL RAGING

British Forces During September or the Western Front Captured 66,300 Germans and 700 Big Guns.

Paris, Oct. 2.—"Attacks conducted by the first army in conjunction with the British in the region of St. Quentin obtained important results. We have penetrated St. Quentin as far as the canal," says the French war office statement. "The enemy resisted obstinately." Only a small portion of the city lies beyond the canal.

"In this region we reached the canal between Tronquoy and Rouvroy. To the south we pushed into the Hindenburg line as far as two kilometers to the east of Cauchy.

"We have taken Meurival, Ventelay, Bouvencourt, Trigny, Nery and St. Thierry (Aisne sector). Two thousand prisoners have been taken, together with 21 cannon.

"We have taken Autry wood and Vaux-les-Mauvais, five kilometers north of Bouvencourt.

"We have reached the southern borders of Challerange. Many prisoners were taken in the course of the day, as well as cannon, but it has not been possible to count them."

66,300 Prisoners and 700 Guns.

London, Oct. 2.—Extremely heavy fighting has been in progress along the Cambrai-St. Quentin sector, according to Field Marshal Haig's report. Notwithstanding increased German resistance, the British have gained important territory along the greater part of the line.

During the month of September the British captured on the Western front 66,300 prisoners and 700 guns. During the months of August and September the British captured 123,618 prisoners and 1,400 guns.

The text of the statement reads:

"The operations continued satisfactorily on the St. Quentin-Cambrai battle front. On our extreme right, northeast of St. Quentin, we made considerable advance eastward on to the high ground east of Leveghies.

36 German Divisions Beaten.

"Farther north we gained a footing

### HENRY C. FRICK

Steel Magnate Takes \$1,500,000 of Fourth Loan.

An individual subscription for \$1,500,000 worth of Fourth Liberty Loan bonds from Henry C. Frick was received by telegram from Massachusetts, by H. C. McDowd, chairman of the central committee.

In Joncourt, storming the defenses of the village of Estress and cleared the enemy from the high ground south of Le Catelet.

"In the center, fighting of a severe nature is taking place in the villages of Crevecoeur and Rumilly and on the rising ground north and east of those places.

"On the left between Cambrai and the River Senece our troops have been severely engaged throughout the morning in attack and counterattack with fresh hostile forces brought up to the battlefield. Notwithstanding, we made progress east of Tilloy, and in the neighborhood of Belcourt.

"During the four days' fighting from Sept. 27 on the St. Quentin-Cambrai battle front we engaged and defeated with heavy losses 35 German divisions (approximately 432,000 men).

"During the month of September the British forces captured 66,300 prisoners, including 1,500 officers and also 700 guns of all calibers and some thousands of machine guns. During the months of August and September the total captures by the British amounted to 123,618 prisoners, including 2,783 officers and about 1,400 guns."

## 70 VICTORIES, AVERAGING TWO BOCHE FOR EVERY THREE PILOTS IN THE AMERICAN SQUADRON

### DEFEATED IN SENATE

Woman Suffrage Resolution Lacks Necessary Votes.

Appeal by President Apparently Failed to Break the Opposition.

Washington, Oct. 2.—The woman suffrage resolution met with defeat in the Senate.

Washington, Oct. 2.—Woman suffrage was beaten in the Senate. By a vote of 53 to 31 the Senate failed to give the two-thirds majority necessary to adopt the resolution passed by the House submitting to the states the Susan B. Anthony suffrage amendment to the federal constitution.

Before the vote was announced Chairman Jones of the woman suffrage committee changed his vote from aye to no, in order to ask that the vote be reconsidered and the resolution left pending.

The Senate rejected the proposal of Senator Frelinghuysen of New Jersey to restrict suffrage to men and women who have acquired citizenship by birth or naturalization, tabling his amendment by a vote of 50 to 33.

President Wilson's appeal in behalf of the resolution apparently made no change in the voting, the opposition securing every vote they claimed. The majority lacked two votes of the necessary two-thirds and the change recorded for Senator Jones made it three. The Senate rejected 61 to 22 the proposal of Senator Williams to limit the franchise to white women.

### Plans for Evacuation of Belgium Prepared

(By United Press)

Amsterdam, Oct. 2.—Plans for the evacuation of Belgium if necessary have been prepared according to Baron Falkenhayn, military governor of Belgium, press dispatches today reported. A correspondent on the frontier states that Falkenhayn secretly instructed the provincial governors in Belgium to rush their archives to Germany. Several hundred luggage vans arrived in Brussels from Germany to send back the officers' furniture. German soldiers are quoted as having said: "We won't be here more than six weeks longer."

### French Advance West of Rheims

(By United Press)

Paris, Oct. 2.—Berthelot's army made more progress west of Rheims taking additional villages and completing the conquest of the St. Thierry plateau. It is announced officially. At St. Quentin the Germans hold only the south bank of the canal in the southeast portion.

The United States, semi-officially, is sponsor for the movement. The headquarters of a committee for mid-European federation opened here this week, to confer tomorrow over numerous problems.

### YANKEES ARE MOVING

General Pershing Reports Progress on Meuse River.

American Aviators Have Shot Down Over 100 German Planes Since Sept. 26.

Washington, Oct. 2.—Further advances by the American forces advancing along the Meuse river and Argonne forest were reported in General Pershing's communique. American patrols have passed beyond Clerges and are maintaining contact with the enemy.

Headquarters of the American Expeditionary Forces, Oct. 2.—"During the day we advanced our lines in the Forest of Argonne," the statement says. "Further to the east our patrols have passed beyond Clerges and are operating north of that point on the road from Exermont to Gensmes, maintaining contact with the enemy.

"In the north our troops are advancing with the French and British and participating in their successes. Since Sept. 26 our aviators have shot down more than 100 hostile planes and 21 balloons."

### British Tear German Defenses to Shreds

(By United Press)

London, Oct. 2.—British advance forward on the 20 miles front between Cambrai and St. Quentin tore the German defenses to shreds in some portions of the line penetrating to a maximum depth of about two miles, General Haig announced officially. He said the Beaurevoir-Fonsomme line had been reached. The Germans have been driven from Crevecoeur and Rumilly, the British occupying the high ground east of those places. St. Quexart and Preselles have also been taken.

### SMALL FORCE SURROUNDED

Americans Battle Desperately to Prevent Capture.

With the American Army on the St. Quentin front, Oct. 2.—Some hundreds of Americans in a certain far-advanced position between Cambrai and St. Quentin, which they reached late Sunday, were holding out valiantly against superior enemy numbers, according to latest reports which were received.

The Australians made heroic attempts to assist them, and so far as can be learned, are still keeping up these efforts, the result of which is not known. Furious fighting continues.

### BULGARIAN KING TO QUIT THRONE

Ferdinand Seeks Refuge In Austria—Abdication In Favor of Son Seen.

### ANARCHISTS IN SOFIA

Establishment of Bolshevik Regime Meaning Execution of All Germans Possible—Berlin Peace Rioters Overwhelm Authorities.

Copenhagen, Oct. 2.—According to the Frankfurter Zeitung, King Ferdinand of Bulgaria has arrived at Essentual castle, outside Vienna.

This is the first news that Ferdinand has again left Bulgaria. It may mean that the reported revolutionary movement in his country is gaining ground. During the summer he spent several weeks in Germany and Austria-Hungary and was said to be suffering from a nervous breakdown.

May Make Son King.

Rome, Oct. 2.—The Vatican has received confidential information from Vienna that King Ferdinand of Bulgaria probably will abdicate in favor of his son, Prince Boris.

Crown Prince Boris was born January 30, 1894. He is regarded as much more liberal and democratic than his father.

"Virtual Abdication."

Washington, Oct. 2.—Czar Ferdinand's exodus from Sofia is viewed as a virtual abdication in well informed circles here. Malinoff, it is understood, forced Ferdinand to leave the country, fearing German influence on him. Whether Ferdinand will be permitted to return to Bulgaria and remain without influence or whether he will be forced to retire to his extensive estates in Hungary will depend upon the attitude taken by Malinoff and his cabinet. It is said.

"Anarchy Exists at Sofia."

"Complete anarchy exists at Sofia," an official cable to the Greek legation states. "Establishment of a Bolshevik regime is feared, too. This would mean massacre of all Germans."

Huns Cheer Bulgar Peace.

London, Oct. 2.—A peace demonstration took place in Berlin on Saturday, according to news received here. The cheering crowds assembled in front of the Bulgarian legation at the German capital necessitating police intervention.

The rioters, according to the information, got the upper hand of the authorities and committed excesses. A number of statues in the Berlin squares were destroyed.

### First Field American Army Airmen

Brig-Gen. BENJAMIN D. FOULOUS

Brigadier-General Benjamin D. Foulois, who has been chief of the air service with the American Expeditionary Forces in France, has been sent out by General Pershing to be chief of the air forces in the First American Field Army. He will thus have charge of all the American aviators flying on the western front.

### British King Honors American on Battlefield

The last time King George of Great Britain visited the battle line in France he decorated an American soldier just from the trenches. It was the first American private soldier he has so honored.

Seattle Spirit

Wm. Toohey of Seattle, Wash., is  
a guest of his parents, Mr. and Mrs.  
Tim Toohey. Mr. Toohey has resigned  
his position as chief clerk of the  
Chicago, Milwaukee & St. Paul  
offices and has accepted a position as  
traffic manager of the Bon Marche,  
a large mercantile establishment.  
His wife has been visiting her par-  
ents several months in Staples.

Mr. Toohey saw Carl Wright at  
the ship yards last week near Seattle.  
Mr. Wright has worked strenuously  
and has lost 30 pounds. He could  
put a whole pillow under his vest to  
conform to the outline previously pre-  
sented. Mr. Wright expects to re-  
turn to Brainerd at the close of his  
year's leave of absence.

Mr. Toohey has gained in weight  
and is just full of the Seattle spirit.  
He said that the kaiser would drop  
dead if he ever heard him try to  
speak German. Mr. Toohey, as mem-  
bers of his high school class will re-  
member, was an ardent student of  
German and had a whole page in the  
high school annual devoted to how a  
poor Irishman felt when he tackled a  
lesson in German. Mr. Toohey said  
he was glad the hun was getting  
licked. Any man had it coming to  
him who got up such a grammar and  
such a construction of lengthy sen-  
tences which had the verb coming  
along at the tail end of the process-

Nothing is too big for Seattle to  
tackle and get away with it, said Mr.  
Toohey in conclusion.

REPORT OF SUPT. OF  
THE CITY SCHOOLS

More Difficulty is Experienced in Get-  
ting High School Teachers  
Than Grade

## NO FALLING OFF IN ATTENDANCE

Of the High School on Account of  
War Conditions—Grade At-  
tendance Equally Good

The first month of the new school  
year closed last Friday, and it is now  
possible to get a fairly correct esti-  
mate as to the probable school at-  
tendance during the year and to com-  
pare our conditions with those of  
last year. The problem of securing  
teachers seems to be more acute al-  
though the rural schools have found  
the problem of securing teachers ex-  
tremely difficult, and many rural  
schools will be unable to open on  
time on account of the shortage. In  
our own schools, the grades are well  
taken care of by a full force of Nor-  
mal trained teachers of experience,  
without the necessity of lowering the  
standard of qualifications in the  
least. In the high school, we expect  
within a very short time to have the  
full force necessary to care for all  
department without the undue crowd-  
ing of classes. It was naturally to  
have been expected that the high  
school would show a falling off in its  
enrollment this year on account of  
the war conditions, and especially be-  
cause of the unusual wages offered to  
an able bodied boy for manual work.  
However, the high school enrollment  
this year exceeds the September en-  
rollment of last year by nine. There  
is a falling off in the number of boys  
enrolled in the high school, compared  
with last year, of fourteen, the en-  
rollment of girls is more than suffi-  
cient to offset.

A great many people in a city, even  
some who have children attending  
high school, have very imperfect no-  
tions as to what are the main bran-  
ches of study in the high school. A  
certain number of people, who have  
not been in touch with high school  
for fifteen or twenty years, still cling  
to the delusion that Latin and Greek  
together with other foreign lan-  
guages constitute the main part of high  
school training, and therefore have  
no practical value for the average  
boy or girl. Greek has probably not  
been taught in a Minnesota high  
school within the memory of the pre-  
sent generation, and Latin, as well as  
other foreign languages, has been  
elective for many years. In order to  
give a brief resume of what the high  
school is offering, we call attention  
to the following: A four years'  
course of English is required of all  
students, including English compo-  
sition, instruction and practice in the  
various forms of English expression  
both oral and written, together with  
a well graded course in the works of  
typical English and American writ-  
ers; a course of three and one half  
years in Mathematics is offered to all  
students and includes Elementary Al-  
gebra, Higher Algebra, Plane Geome-  
try, Solid Geometry, and Commercial  
Arithmetic. A course in Plane Trig-  
onometry would be offered, if a suffi-  
cient number of students preparing  
for engineering pursuits desired to  
form a class. A four years' course in  
History includes Ancient History,  
Modern History, English History, Ad-  
vanced American History and Ameri-  
can Government. The following  
sciences, amounting to four or five  
years of work, are taught: General  
Science, Botany, Zoology, Physiol-  
ogy, Physical Geography, Commer-  
cial Geography, Physics and Chemis-  
try. The Commercial subjects in-  
clude Commercial Arithmetic, a two  
years' course in Bookkeeping, two  
years of Stenography and Typewrit-  
ing, together with business English,  
Business Law, Penmanship, Spelling  
and Business Forms. Two years of  
manual work are offered to boys,  
manual training one year and me-  
chanical drawing one year. Foreign  
languages constitute but a very mod-  
erate part of the high school cur-  
riculum, and, being wholly elective, in-  
clude only a moderate percentage of  
the student body. Four years in  
Latin are offered, but less than five  
per cent of the pupils elect to take the  
entire four years' course and not to  
exceed ten per cent take more than  
two years of Latin. German is no  
longer offered as a study in the high  
school, and it seems altogether prob-  
able that German will be dropped  
from the curricula of all elementary  
and secondary schools, both public  
and private, as legislative action. A  
two years' course in French has been  
started this year and enrolls about  
twenty-five pupils.

The above information concerning  
subject matter taught in the high  
school is offered to remove a misap-  
prehension which often exists as to  
the non-practical character of high  
school work for the average boy or  
girl. High school courses are not an  
arbitrary product, as they may have  
been once of a group of impractical  
college book-worms, but the progres-

Every Day  
Investing

THE thing that  
becomes a daily  
habit is the thing  
that dominates our  
lives, for good or ill.

"Shall I spend this small sum, or shall I invest  
it?" becomes a daily question with an owner of a  
Savings Account at this bank.

And every decision in favor of "investing" adds  
a coin to capital, and confirms him one degree more  
in the habit of every day investing.

More than that: It adds precision to his plan  
and decision to his effort successward.

For the "savings bank way," thought by some  
to be a slow way, is the one which has led to many  
fortunes.

Bring this question home to yourself:  
"It is my privilege to become an every  
day investor; why not accept it?"

### Goodbye, Women's Troubles

The tortures and discomforts of weak, lame and aching back, swollen and bloated feet and limbs, weakness, lassitude, dizziness, nausea, that tired worn-out feeling, nervousness, sleeplessness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy. Next time you feel a twinge of pain in the back or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarleim Oil Capsules. This old and tried remedy for kidney disease and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you feeling fine and prevent a return of your trouble.

GOLD MEDAL Haarleim Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them from your druggist. Do not take a substitute. In sealed boxes, three sizes.

### MONTH OF BIBLE LECTURES PLANNED

Themes Touching the Deeper Things of the Word of God Given by Rev. P. Alfred Peterson

#### AT SWEDISH BAPTIST CHURCH

English Sermons Sunday Evenings. Charts will be Used, Good Singing and Music

A month of Bible lectures on themes touching the deeper things of the word of God are to be given in October by Rev. P. Alfred Peterson at the Swedish Baptist church in Brainerd, corner Oak and South Tenth streets.

English will be preached Sunday evenings. Charts will be used. There will be good singing and music.

The following subjects are announced for the month:

Sunday, October 6—Morning 10:30, "At That Day." Evening 7:30, "As Were the Days of Noah."

Sunday, October 13—Morning 10:30, "The Vision of the Opened Door in Heaven." Evening 7:30, "Occupy Till I Come."

Sunday, October 20—Morning at 10:30, "The Book Sealed With Seven Seals." Evening 7:30, "Where are the Dead?"

Tuesday Evening, Oct. 22, 7:45—"The Parousia, or the Lord's Coming for the Saints."

Wednesday Evening, Oct. 23, 7:45—"The Judgment Seat of Christ."

Thursday Evening, Oct. 24, 7:45—"The Marriage of the Lamb."

Friday Evening, Oct. 25, 7:45—"Epiphania, or the Lord's Coming With the Saints."

Sunday, Oct. 27—Morning 10:30, "The Glorious City of God." Evening, 7:30, "The Great White Throne."

#### Took Out Dreadful Soreness

When the kidneys are weakened and fail to throw impurities out of the blood, the poison remains in the system and backache, soreness and rheumatic pains develop. Mrs. David Henry, 65 S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills took the dreadful soreness out of my limbs and I walk good." H. P. Dunn, druggist. mwf

#### SEPTEMBER LOSSES 94,937

Over Fifteen Thousand British Officers and Men Killed.

London, Oct. 2.—Casualties among the British forces reported during the month of September totaled 94,937 officers and men, divided as follows:

Killed or died of wounds, officers, 1,899.

Men, 14,914.

Wounded or missing, officers, 5,573.

Men, 72,551.

#### Coughed So He Couldn't Sleep

Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold and cough continually at night; could hardly sleep. Foley's Honey and Tar cured my cough." H. P. Dunn, druggist. mwf

### GERMANS STANDING ALONE

Berlin Paper Asserts People Have Backs to the Wall.

Washington, Oct. 2.—An official dispatch from France quotes the German Socialist newspaper Vorwaerts on the Bulgarian situation as follows:

"Bulgaria deserts the Central alliance to make peace. We the German people, then remain alone to face the French, English and the Americans, our backs to the wall and death facing us. Such is the situation that we have in view today and we must meet it with the necessary courage."

The Berlin Lokal Anzeiger says: "No one can avoid seeing how great the danger is owing to the Bulgarian crisis. It would be a crime to conceal it."

### SELF MAY SECURE POSITION

Von Bernstorff Also Mentioned for German Chancellor.

Paris, Oct. 2.—Dr. W. S. Solf, German minister of colonies, is mentioned first in Berlin political circles as successor to Count von Hertling, the retiring imperial chancellor, according to a dispatch from Zurich, to the Le Journal.

Then in the order named the following are spoken of as candidates for the position: Count Brockdorff-Rantzau, German minister to Denmark; Count von Bernstorff, former ambassador at Washington and now ambassador to Turkey; Friedrich von Payer, imperial vice chancellor, and Konstantin Fehrenbach, the president of the Reichstag.

### ENEMY ORDER IS CHANGED

Aviators Taken With Propaganda Will Be Courtmartialled.

With the Americans West of Verdun, Oct. 2.—A captured German order reveals that the Boche have amended their recent decree providing for courtmartialing of captured American aviators suspected of dropping propaganda behind the German lines.

After Sept. 30, the order says, only aviators who have such propaganda in their possession will be dealt with as "special cases."

#### Forming New Ukrainian Army.

Amsterdam, Oct. 2.—General Rogosa, Ukrainian war minister, according to a telegram from Kiev, announces that plans for the Ukrainian army call for the formation of eight army corps of two divisions each. The minister declared that the population regarded the plan sympathetically, while Germany and Austria-Hungary are showing extreme "good will" toward the formation of a Ukrainian army and are promoting it "generously and energetically."

### SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## THANK YOU, OSAKIS

The Osakis Commercial Club should have a corner in the hearts of the Brainerd Chamber of Commerce and Brainerd people generally by organizing the new Brainerd-Osakis-Sisaton cut-off and so designating it. The Osakis club is a wide awake one and is now engaged in organizing, blazing and registering the route.

The route is a fine one and was par-

tially traveled by many editors of the state on their way to the Northern Minnesota Editorial summer convention at Glenwood. The roads in the cut-off are among the finest in the state.

## DEAD, VERY DEAD PHRASES

"Der Tag."  
 "Our iron will."  
 "Me und Gott."  
 "Gott Mit Uns."  
 "The war lord."  
 "Scrap of paper."  
 "Our mailed fist."  
 "The All Highest."  
 "Hoch der kaiser."  
 "We are supermen."  
 "Spurlos Versenkt."  
 "Gott strafe England."  
 "Brest-Litovsk peace."  
 "America won't fight."  
 "Our victorious army."  
 "The Hindenburg line."  
 "Our brave submarines."  
 "Belgium is but a pawn."  
 "Deutschland Ueber Alles."  
 "We shall be in Paris April 1."  
 "God will not desert Germany."  
 "Adam and Eve were Prussians."  
 "Might and not right shall rule."  
 "Fest steht die Wacht am Rhein."  
 "Schrecklichkeit will win the war."  
 "Germans in Bagdad will back the fatherland."

"All aboard for Bagdad on the Berlin-Bagdad route."

"No one dare separate the kaiser from his beloved subjects."

"Germany and her brave Allies will form an iron ring about her enemies."

"We shall stand for no foolishness. The Americans must be made to pay for this."

"We shall crush Belgium and the Balkans, bleed France white, beat England to its knees and then carry the war to America."

And so on ad infinitum, ad nauseum.

## EVERYBODY IS NEEDED

There is a tendency to assume that the Fourth Liberty Loan is assured an oversubscription.

It is if everybody does his share—probably not otherwise.

It needs the little fellow's fifty dollars, which is his limit, as much as it needs the big ones.

It needs all YOU can handle by sacrifice and saving.

This is the final pull, now. The volunteer days are over and the bond salesmen are out. Meet them at the front gate with your subscription in one hand and your ten per cent first instalment in the other.

The Liberty Loan will be a smashing success if EVERYBODY does his utmost. Don't tickle the kaiser by holding back your share.

## THE BULGAR "DOOPS"

Remarking on the surrender of the Bulgar "doops."

On the start the Bulgars didn't join the Allies because they thought the Germans would come and now they join the Allies because the Germans did come and they tried some of it.

## TROOPS REACH SOFIA

Austrian and German Soldiers Hope  
 to Overthrow Bulgarian Govern-  
 ment and Check the Al-  
 lied Advance.

Amsterdam, Oct. 2.—All the imperial German secretaries of state have resigned and the Prussian ministers intend to resign, according to the Berlin Tageblatt, a copy of which has been received here.

London, Oct. 2.—Germany, if reports from a neutral center can be relied upon, is going to make a great effort to maintain communication over the Orient railway with Turkey and thus hopes to keep her Eastern ally in the war.

According to a Hague dispatch to the Central News, 250,000 German and Austro-Hungarian troops have arrived at Sofia from Roumania and while part of these will remain in Sofia as an argument favoring the overthrow of the Mailhoff government, the majority will endeavor to keep the Allied troops from the Orient railway, which joins Germany and Austria with Constantinople, the capture of which a few years ago was hailed as the greatest achievement of the Central powers.

The removal of troops from Roumania, however, is not without danger. A few weeks ago, when appealed to by his colleagues on the Western front for assistance, Field Marshal von Mackensen reported that conditions in Roumania did not warrant the transfer of a single soldier to that country. Now Roumanians are predicting that if the Roumanian army does not rejoin the Allies there will be at least a rising in that country which will completely nullify the Bucharest treaty so far as it provides for the revictualing of the Central powers.

London Papers See End.

The loss of the Bulgarians to the Central alliance is regarded by the London morning papers as foreshadowing the end of the great four years' tragedy. The editorial writers for the most part are unable to see how Turkey can avoid following the Bulgarian lead, while some believe that Austro-Hungary must do the same.

For Germany it is held that the surrender spells ruin to her hopes in the Middle East and her aspirations of world empire.

"Feelers" have been put out by Turkey for an armistice, the Evening News says it understands.

While these advances are said to be semi-official, no notice will be taken of them, the article states, until an official telegram is received.

## INFLUENZA CASES INCREASE

Army Training Detachments at "U" Report 264 Men in Hospital.

Minneapolis, Oct. 2.—With the number of cases of Spanish influenza increasing among the army training detachments here, medical authorities repeat that there is no occasion for special concern. The state board of health asked that physicians report all influenza cases, especially when followed by pneumonia, and the city health department renewed its caution against the common roller towel.

Fort Snelling reported 265 cases in the hospital there of men from the two army detachments at the University of Minnesota and one at the Dunwoody institute.

## BOYS JOIN STUDENT FORCE

Five Hundred Colleges Furnish 150,000 Young Men.

Washington, Oct. 2.—One hundred and fifty thousand college students in all sections of the country were mustered into the students' army reserve corps, more than 500 colleges in the United States becoming a part of the military forces and pledging themselves to the defense of the nation. Special programs were arranged at the schools to inaugurate the corps with formal ceremony.

## HOUSE PASSES POWER BILL

Large Sum is Provided to Increase Electric Plants.

Washington, Oct. 2.—The House passed without a dissenting vote and sent to the Senate the administration emergency power bill providing for government acquisition and extension of electric power plants. It authorizes the expenditure of \$175,000,000 for extending existing plants or building new ones.

## No Coal Famine This Winter.

Washington, Oct. 2.—To avert a coal famine this winter and also meet the needs of the war program, Fuel Administrator Garfield launched a drive for coal production which is to continue until April 1. In a formal proclamation to miners and operators alike the fuel administrator calls upon all to enlist in a detailed program to produce 12,344,000 tons of bituminous coal and 2,630,000 tons of anthracite every week. This tonnage, he promises, will give the country all the coal needed this winter.

DRAFT MACHINERY  
WORKS SMOOTHLY

GENERAL CROWDER AND ASSISTANTS ARE HAVING LITTLE TROUBLE THIS TIME.

## MEN RESPOND CHEERFULLY

War Draws Attention to the Fact That Thousands of Citizens of Alien Birth Do Not Understand the English Language.

By ARTHUR W. DUNN.

Washington.—General Crowder and his assistants in the provost marshal's office are having less difficulty in putting the new draft in operation than they anticipated. Experience with the first draft has been of great benefit. The machinery is in good working order and the men of the country have responded creditably to this demand upon them for more man power. One feature has been added which is expected to be of great assistance. This is the creation of legal advisory boards to aid the local boards in the determination of questions arising under the draft law. It is expected that the advice of the legal boards will save a lot of time at this end of the line.

Probably the most gratifying circumstance in connection with the new draft is the cheerful response of the men. The provost marshal general does not expect as much difficulty in regard to shuckers as in the first draft. The whole country has grown more patriotic as the war has progressed.

War has taught the lesson that more attention should be given to immigrants in the future. When it is found that thousands upon thousands of men of alien birth but who have become American citizens and been drafted into the army, are yet unable to understand the language of the country, it means that there has been a faulty system somewhere. These men could not understand the orders given them, nor did they understand why they were called into military service. Hereafter it would be well to see that immigrants are taught the English language, or at least that they should be compelled to learn it when they become citizens. It might be well also to see to it that the aliens living in this country should become citizens, or leave it. We have found a much too large alien population as a result of the draft law.

It is to be hoped that the term "doughboys," as applied to American soldiers, will go the way of the term "Sammy." Possibly it will require a positive declaration by General March, chief of staff, against the term "doughboys," such as he made against the obnoxious "Sammy," in order to put an end to the use of the word.

Congressman Walsh of Massachusetts, who has made himself unpopular with the members who want to print everything under the sun in the Congressional Record, and at the same time popularized himself with those who would like to see less waste in government printing, made a strong plea in the house for saving paper and printing bills. He showed that while the government was trying to curtail the use of paper, it was at the same time wasting paper in many ways. Congressman Mapes of Michigan interjected a remark to the effect that the government printing office work this year would cost \$12,000,000, while many bureaus go outside and get a great amount of printing done by contract.

Good luck has always been the portion of this country in securing additional territory. From the time we purchased the Mississippi valley from Napoleon in 1803 and doubled the size of the nation down to our latest acquisition, the West Indian Virgin Islands, the government has always been fortunate in its real estate deals. Of course, the transaction by which we obtained the Virgin Islands from Denmark was not so profitable as the Louisiana Purchase or the acquiring of Alaska from Russia. Still, a general survey taken of the islands by the census bureau shows that, true to tradition, we got more than we gave.

Because somewhere in the neighborhood of 25,000 physicians have wholly or partially withdrawn from private practice to engage in war work, the public health service has appealed to our people to remember that taking care of themselves is one way of expressing patriotism. One-third of the men registered under the first draft were rejected for physical disability, and in a majority of these cases the cause of rejection was some easily preventable or curable defect.

Besides making things hum at the producing end, the government is urging firemen in factories and large buildings to aid in avoiding any repetition of last year's uncomfortable coal shortage. According to Van H. Manning, director of the bureau of mines, 45,000,000 tons of coal can be saved yearly by proper building and adjustment of fires, and this without the assistance of any miraculous agencies. Anything that will save 45,000,000 tons of coal for the United States is doing a good deal more than its bit in these war-bleds.

## HAVING TROUBLE IN RUSSIA

Germans Lose 1,500 Men in Battle With Ukrainians.

Washington, Oct. 2.—The Germans are meeting with increasing opposition in their efforts to establish control in Russia. Swedish press reports received at the State department from Stockholm said that in a recent battle with the Ukrainians the Germans lost 1,500 men.

German forces which have been centralized at Pskoff since the German ambassador was forced to flee from Moscow have found their position untenable and are leaving the city. They also are evacuating Bielerod, the reports say.

Food conditions in Petrograd are growing continually worse and living conditions are utterly hopeless.

## CANADIANS HOTLY ENGAGED

Capture 8,600 Germans and 140 Guns in Present Thrust.

With the Canadian Forces in France, Oct. 2.—The Canadian forces attacking in the present offensive from the westerly side of the Canal du Nord have been engaged in exceedingly bitter fighting from the very start, although at the outset a great drive was made, with the help of a wonderful artillery barrage and the element of surprise, with relatively small losses when the captures are taken into account. The Canadians have taken 8,600 prisoners, including officers of high rank, and 140 guns.

## TWO ACCUSED OF ESPIONAGE

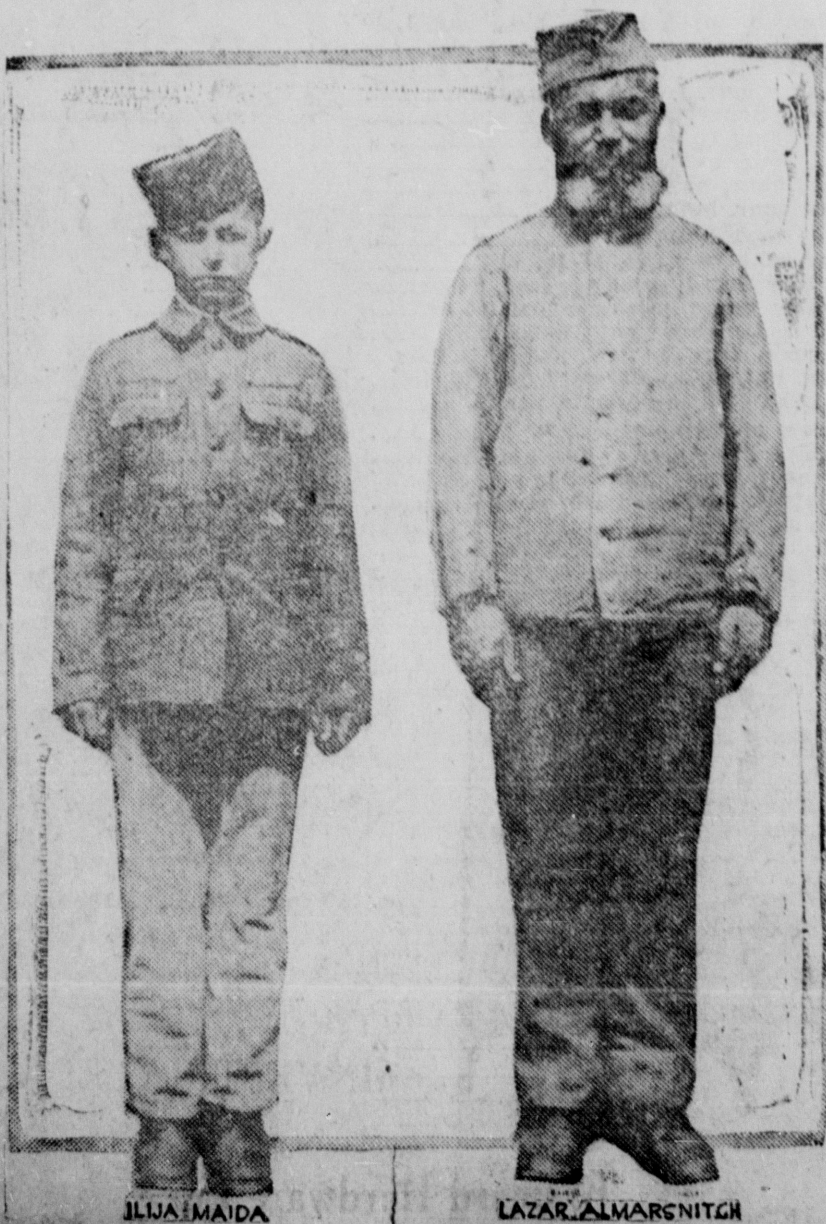

Newspaper Men Are on Trial in Federal Court.

Philadelphia, Oct. 2.—Charged with conspiracy to violate the espionage and civil service laws, Joseph Stilson of Chicago and Joseph Sukys of Philadelphia, officials of the Lithuanian newspaper Kova, were placed on trial in the United States court. The prosecution will attempt to prove the men were instrumental in the distribution of circulars in the mining regions of Pennsylvania urging men to evade the draft, and turning the great conflict a "capitalistic war."

## Twenty Sailors Drown in U. S. Harbor.

An Atlantic Port, Oct. 2.—Twenty sailors from a naval vessel in the harbor here were drowned by the capsizing of a naval tender in which they were returning to their ship. Eleven other men were rescued. None of the bodies of the dead have been found. Naval authorities refused to disclose the names of the men who had been on shore leave and were returning to their ship about midnight. A heavy sea was running and the boat was washed against a large buoy.

## Two Generations in Jugo-Slav Army

ILJA MAIDA

LAZAR ALMARSNITCH

Ilja Maidda, aged fifty, is fighting with the Jugo-Slavs, but his son, Lazar, aged sixteen, is fighting with the Germans. The boy has been in the army for two years.

## Constipation

**THERE IS NOTHING** equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation.

## SHOPS VALIANTLY BOOST THE LOAN

Liberty Bonds Being Bought in Huge  
Lots at the Northern Pacific  
Railway Shops

### CLOCK RECORDING THE SALES

Blacksmith Shop Making Fine Record  
Made Quota Once and Starting  
Over Again

The Liberty Loan campaign at the Northern Pacific Railway shops is just boiling over with enthusiasm. The campaign is under the direction of Director General of Railways McAdoo.

It is claimed by lieutenants operating under Supt. J. P. Anderson that the shop quota will be made. Every man is working to the utmost and straining every resource to take all the possible bonds he can.

Over at the blacksmith shop Foreman Edward Crust and fellow workers erected a big clock and the hands moved as the bonds were subscribed. The blacksmith shop made its quota several times and still the old clock is moving its hands.

The rear guard composed of fellows who have been sick, who have had sick families and heavy expenses, who have had short time, they are also coming to the front with subscriptions and the taking of bonds on their part represents real sacrifice. Instead of enthusiasm dying down at the shops, it's growing more intense every minute.

Brainerd must strain every resource to make the grade. The time is still open for any man to take more bonds if he can.

Today solicitors are covering the city calling on men who did not subscribe at the city hall. The canvassers are meeting with good success.

## CHILDREN AID TO GATHER SPUD CROP

Little Ones are Paid 10 Cents a  
Bushel to Garner Potatoes in  
the Fields Here

### SCHOOLS CLOSE SOME DISTRICTS

Verndale Schools Closed Two Weeks  
to Permit Pupils to Aid in Har-  
vest, Price Falls

Children in the country are paid 10 cents a bushel gathering potatoes. Two little girls in South Long Lake township made \$3 each in a day, their quota of potatoes gathered being 60 bushels.

In some sections schools closed during potato harvest. The Verndale school closed two weeks for that purpose. Potato digging machinery has helped wonderfully in gathering the crop.

Shipping from Brainerd has slackened because of increasing lack of labor at terminal points to unload the spuds. The price has fallen a quarter of a cent a pound here.

### ARRESTED NEAR BORDER

Sheriff Claus A. Theorin Catches Man  
Charged With Securing Money  
Under False Pretenses

James Miller of Wolford, charged with securing money under false pretenses, was arrested at International Falls near the Canadian border by Sheriff Claus A. Theorin.

The complaint stated that he had borrowed some \$350 from the First State bank of Ironton and mortgaged certain property that he did not possess.

### AT SANATORIUM

Brainerd Delegation at the Opening  
Exercises of the Crow Wing-  
Aitkin Institution

Dr. J. A. Thabes, Dr. Walter Courtney of the Crow Wing-Aitkin counties sanatorium commission and other Brainerd people attended today the opening ceremonies at the sanatorium at Deerwood.

There were appropriate addresses and representatives of the State Board of Health were present and took part in the exercises. Dr. H. F. Gammons, superintendent of the institution, presided.

## NINE AUSTRIANS ARE IN TOLLS OF THE LAW

Five Women and Four Men Arrested  
on Range Charged With Break-  
ing Liquor Laws

### ARRAIGNED IN THE AFTERNOON

Operating Under County Attorney S.  
F. Alderman, Arrests Made by  
Sheriff and Deputies

Operating under the direction of County Attorney S. F. Alderman, Sheriff Claus A. Theorin and deputies with federal officers arrested nine Austrians on the Cuyuna iron range charged with selling liquor without a license.

There are five women and four men in the party and they were brought to Brainerd by automobile and will have their arraignment in the afternoon.

Eighteen complaints have been filed charging Austrians with either keeping unlicensed drinking places or selling liquor without license.

Cases concerning keeping unlicensed drinking places will be heard in municipal court Thursday morning.

Those charged with selling liquor without a license are district court cases.

All defendants in such latter cases waived preliminary examination. Bail in each case was fixed at \$500.

## CANADIAN SOLDIERS SPEAK IN THE CITY

W. Jeffrey Moffat and J. B. McGregor of Winnipeg, Canada, veterans of the world war, spoke at Brainerd schools and the best theatre in the interests of the Liberty Loan.

They described trench hardships and experiences and pleaded for support of the boys over there.

## FARM IMPROVEMENTS NOT UNDER THE PAN

P. R. Wise, county director of the Public Safety Commission, has received notice that the curtailment of building ordered by the government has had an exception incorporated, insofar that farm buildings of a maximum improvement value of \$1,000 are permitted.

## GIRL BADLY KICKED BY HORSE TODAY

George Morecomb's little girl, aged 9, living in South Long Lake township, was severely injured this afternoon when she was kicked in the head by a horse.

## S. E. BRAINERD CLUB BIG ANNUAL DANCE

To be Given Friday Evening, October  
4 at K. C. Hall Instead of Gard-  
ner Auditorium

### THE BLUE RIBBON ORCHESTRA

Club Will Display its Service Flag.  
Nine of its Members are in  
Uncle Sam's Service

The fifth annual dance of the S. E. Brainerd club will be given Friday evening, October 4, at the K. C. hall in the Citizens State bank building instead of the Gardner auditorium. The skating rink is holding forth at the Gardner hall, thus necessitating the change.

The Blue Ribbon orchestra of six pieces will play. The committee on arrangements includes O. F. Erickson, Fred Bentley, Tony Lee, Frank Brandt, Reuben Soderlund, Stanley Alexander, Arthur Ohm and Frank Alexander.

The club is patriotic and will display its service flag. Here are the members now fighting the Boche:

### ARMY

Anton Anderson  
Robert Anderson  
Axel Anderson  
John Hammerstein  
Harry Erickson  
Clarence Ohm  
Harry Hedlund  
Albert Lind

### NAVY

David Soderlund

The club dances are always well attended and great social events and the fifth annual dance will equal any of its predecessors. Half of the proceeds will be given the Red Cross.

## 1ST CONGREGATIONAL CHURCH ANNUAL MEET

Letter of Appreciation of Services of  
Rev. G. P. Sheridan to be  
Presented to Him

### ANNUAL ELECTION OF OFFICERS

Mrs. L. J. Spencer Elected Third  
Time as Parish Visitor, Future  
Plans of the Church

At the annual meeting of the First Congregational church held last week the following officers were elected and they are asked to take notice of their election, which became effective October 1st.

W. A. M. Johnston and Erick Kronberg, trustees for three years.

D. E. Whitney and O. W. Merwin, Mrs. W. E. Erickson and Mrs. Alice White deaconesses for three years.

Dr. C. G. Nordin, clerk.

C. Bruhn, chairman instruction department.

W. F. Wieland, chairman of extension department.

Miss Corna Stickney, chairman of social department.

Mrs. G. D. LaBar, chairman, and Mrs. C. W. Hoffman, Mrs. D. E. Whitney, Mrs. W. F. Wieland and S. F. Alderman members of the music department.

Dr. K. H. Hoorn was elected head usher with Edwin Backen and F. W. Stout as assistants.

Mrs. L. J. Spencer was elected to the important office of parish visitor. This is her third term and her reelection is a testimony to her faithful endeavors.

P. H. Simpson was elected to the office of church auditor.

The following were appointed a committee to draft a letter of appreciation of Rev. G. P. Sheridan's ministry, etc. to be presented to him before his departure for his new parish: J. A. Wilson, G. D. LaBar, and Mrs. A. E. Losey.

The future plans of the church have not been definitely determined, but most of the activities of the church will continue as usual, and every endeavor will be made to secure a new pastor as soon as practicable.

### ROLL OF HONOR

Captain Ceth D. Peacock, 311th Engineers' school party, in a message to his old friend, D. A. Peterson, says he arrived safely over seas.

Walter Olson, formerly of Brainerd, has arrived safely over seas.

John Swanson, formerly of Ironton and Brainerd, has arrived safely over seas.

## REPORT OF SUPERINTENDENT OF THE CITY SCHOOLS

(Continued from page 2)

does occur, it will be because the state places a reasonable limit, both from the standpoint of health and proper instruction, upon the number of pupils to a single room and single teacher, and parents are asked to co-operate with the schools in this difficult matter of pupil distribution.

The enrollment for all of the schools during the first month is ten in excess of that for the first month of last year.

President Wilson and the United States Commissioner of Education, Dr. Claxton, have addressed letters to school boards in every city urging that no relaxation of effort be permitted in the schools because of the war, but that redoubled effort be instituted at the present time in order to properly meet the need for trained young men and women immediately following the close of the war. Schools are advised to rather increase instead of shorten their school term and to see that school efficiency is maintained in every department possible. It is especially urged that the school attendance law be enforced.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes  
—Most Women Can Have

Says Dr. Edwards, a Well-Known  
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Take Nuxated Iron  
In This Country Alone  
For Blood Strength  
and Endurance

"To help make strong,  
keen, red-blooded Amer-  
icans there is nothing in  
my experience which I  
have found so valuable as  
Nuxated Iron. Says Dr. James Francis  
Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York,  
and the Westchester County Hospital. Nuxated Iron often increases the  
strength and endurance of the weak, nervous, run-down people in two weeks'  
time. It is consequently estimated that Nuxated Iron is now being used by  
over three million people annually, and it has been used and endorsed by such  
men as Hon. Leola M. Snow, former Secretary of the Treasury and ex-Gov-  
ernor of Iowa; former United States Senator and Vice-Presidential Nominee  
Chas. A. Tamm; General John L. Chen (retired), the drummer boy of Shiloh,  
who was Sergeant in the U. S. Army when only 12 years of age; also United  
States Judge G. W. Williams of the Court of Claims at Washington, and others.  
Nuxated Iron is dispensed by all good druggists everywhere.

# HUNS ASTONISHED BY OUR WAR WORK

DID NOT THINK IT POSSIBLE FOR AMERICA TO MOBILIZE AND EQUIP BIG ARMY.

## ONLY ONE OF THEIR ERRORS

They Also Trusted to Influence of Pacifists and Pro-Germans—Cost of Living is Highest in the Neutral Countries.

By ARTHUR W. DUNN.

Washington, Oct. 2.—Probably the most astounding thing the Germans of higher intelligence have encountered is the manner in which this country has gone into war. They never believed it was possible for the United States to mobilize, equip, train, ship and put into the fighting lines anything like an army. Just why they could not hark back to Civil war days and see how a divided nation raised two armies of great fighting material is a mystery. The Germans have made other errors. First they did not believe this country would go to war; and second they did not believe we could put an army in Europe.

They had some reason to believe we would not go to war for the pacifist sentiment was very strong. Then the Germans were misled by the pro-German element in this country. They believed that the Germans in the United States would have nerve enough to revolt and counteract the efforts of this country to be effective on the side of the allies. They had reason to entertain such ideas, but events show how mistaken they were. If there continues to be a firm idea to fight to a decisive victory and dictate terms of peace in Berlin, while that capital is filled with allied troops, then will all the Germans have an opportunity to learn a great deal that they did not know when they drove us into a declaration of war.

Neutral countries want peace as well as war countries. The high cost of living has hit the neutrals harder in this particular than it has the war countries with perhaps the exception of Austria. In Holland, Sweden, Norway and Denmark the people are paying dearly for the war and if famine does not come upon them they will be fortunate. The cost of living is less in England and France than in this country, and the cost here is less than in the neutral countries.

The first thing Congressman Butler of Pennsylvania did on his return from a tour of inspection in France was to have read to the house an official order issued by General Degoutte of the French army, who commanded a number of American troops during the recent allied advance. When Congressman Butler was visiting divisional headquarters General Degoutte handed him the order, expressly requesting that it be read to the house of representatives in order that members might know in what high esteem the American soldiers are held by their French brothers in arms. Butler translated the order, which proved to be a strong tribute to the Yanks' valor, and after it was read the house arranged to send General Degoutte an engrossed copy of the proceedings, signed by Speaker Clark.

The growth of the use of drugs and opiates is likely to figure largely in the coming campaign for and against the adoption of the national prohibition amendment. Congressman Meeker of Missouri made an allusion to the subject in the house and at the same time had printed in the Record a mass of medical data showing that alcohol moderately used was not harmful, but necessary in some cases. At the same time it is doubtful if arguments like these or any other kind will stay the prohibition movement.

One of the prominent government officials told a story the other day which is worth repeating. An old colored man whom the official knew had a \$100 Liberty bond which some one wanted to buy from him for \$96. But the old darky was wise. Why, he asked, should he give up one promise of the United States government to pay him \$100 with interest in exchange for the same government's promise to pay him \$96, without interest? If everybody who purchases a Liberty bond would stop and think calmly before selling it below par, he could not help but see that the old negro had the right idea. Both the bond and the currency are government promises and one is backed up by exactly the same security as the other—the honor and resources of the United States.

One of those foolish discussions which relieve the solemnness in debate occurred when the subject of playing cards was reached in the revenue bill. It was started by Uncle Joe Cannon, who is known to enjoy a game of poker. Then John Garner of Texas was brought in as an expert. Chairman Kitchin declared that he knew nothing about the subject and the item had been wholly in charge of Nick Longworth. There was quite a lot of good-natured "joshing" by different members of the house and little side remarks showing that cards were familiar to different members. But it must be said that poker, once a famous congressional game, is now confined to a small coterie of the house.

# 124 SOLDIERS KILLED

## DECLARES WAR IS NOT WON

Elihu Root Says Long and Terrible Struggle is Ahead.

New York, Oct. 2.—A warning against "supposing that the war is over now because of the blessed and cheering news that comes across the water," was sounded by Elihu Root here in an address before the student army training corps at Columbia university.

"A long and terrible struggle is still before us," he said. "You and all that you can learn here and all that you can make of yourselves—all the power that you can acquire here, will be needed before the struggle is over. You may have to give your lives."

## Record American Performances.

Paris, Oct. 2.—On one day during last week Americans discharged 35,917 tons of cargo from ships at all the ports in France. During another day they discharged 11,438 tons at one particular port. Both are record performances.

## Canada Commandeers Butter.

Ottawa, Oct. 2.—All necessary butter produced in the provinces of Alberta, Saskatchewan, Manitoba, Ontario and Quebec, between Sept. 30 and Nov. 3, inclusive, has been commandeered by the Dominion government under an order-in-council, announced. The order in effect, placed Canadian consumers on an allowance of two pounds of creamy butter a person a month. The reason given for the action is the needs of Great Britain and her allies for butter.

We scatter seeds with careless hand, And dream we never shall see them more; But for a thousand years their fruit appears In weeds that mar the land, Or healthful store.

## THINGS ALL COOKS SHOULD KNOW.

ALTHOUGH the trying of new recipes is a most fascinating entertainment for the lover of cookery, yet disappointment is sure to be our portion unless we know how to apply a few simple tests to every recipe before we risk wasting our precious foodstuffs.

Each kind of dish has some basic form. Knowing these, one may make innumerable variations. When one has reached this stage of knowledge, the taste and ingenuity of the cook will have a chance to develop.

In cake making we learn that there are but two kinds of cakes; those using some form of fat and those without, or sponge cakes.

In butter cakes the fat should be from one-third to one-half the quantity of sugar, depending upon the richness desired. Since the butter becomes liquid with heat we must take that into account when adding milk, water or coffee. The total amount of liquid should measure one-half the flour. The amount of baking powder is one level teaspoonful to a cupful of flour; this in using heavier flours like corn or rice flour should be increased to one and a half or two.

When a large number of whites of eggs are used, less flour is needed. The following proportions are standard:

Use one-half as much liquid as flour for murrin and cake batters, remembering that fat is liquid as well as molasses.

One-third as much liquid as flour for soft doughs like biscuit.

One-fourth as much liquid as flour for stiff doughs like bread.

One-third as much butter as sugar for all butter cakes.

One to one and a half teaspoonfuls of baking powder for batters and doughs, increasing to two when heavy flour like rice or corn is used.

One-third as much shortening as flour for pastry.

One teaspoonful of soda to a pint of sour milk.

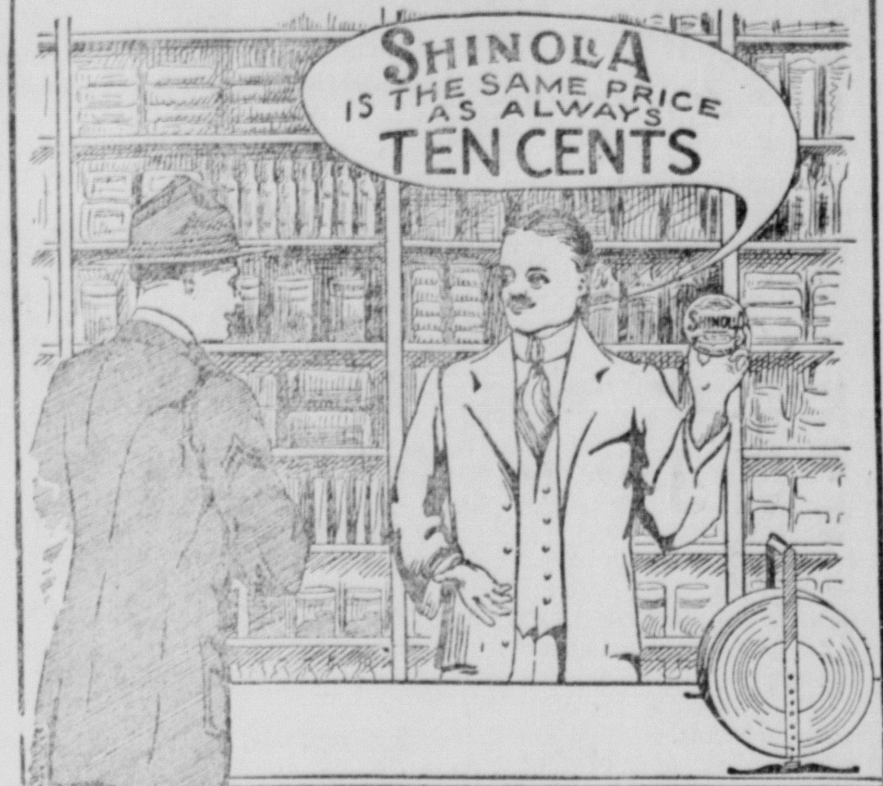

## REVOLUTION WAS BREWING

Trouble at Home Hastened Surrender of Bulgaria.

Paris, Oct. 2.—It was the fear of revolution at home and the failure of Germany and Austria to send him the military force he required that induced King Ferdinand of Bulgaria to turn to the Allies for help, according to the American consul general at Sofia (Dominick Murphy), as quoted in a dispatch to the Matin from Saloniki.

# SHINOLA

AMERICA'S HOME SHOE POLISH

LARGE quantities of SHINOLA are purchased by the Government to be sold to the Soldiers and Sailors.

We aim to make SHINOLA cost the men serving their country and the public back of the men, as little as possible.

War conditions turn men's heads to profit making. We believe friends and users are more valuable than the profit of the moment. That is why you can buy SHINOLA at the same price as always.

# Sleep Sweetly

Coffee, tea and some other drinks when taken at the evening meal tend to keep some people awake.

# One of the merits of POSTUM

is that it never affects nerves or heart.

In fact one can drink as much Postum as he pleases just before bedtime and no ill results follow, for Postum is pure and absolutely free from caffeine or any other harmful drug or substance.

Postum comes in two forms: Postum Cereal, which must be boiled, and Instant Postum, made in the cup in a moment. They are equally delicious and the cost per cup is about the same.
